Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. Rates and charges are provided herein. Federal, State and Local Law Enforcement Agencies, nonprofit domestic violence/sexual assault agencies and their staffs, and victims of domestic/sexual assault or individuals who express a personal safety need and sign a personal safety exemption form may be provided additional arrangements for private status and/or line blocking, on a line-by-line basis, at no charge.

The certification form identifies the customer who is to receive Per Line Blocking at no charge and acknowledges that if a line is equipped with Per Line Blocking, that the telephone number and name will not be delivered to subscribers of Caller ID, including poison control centers, hospitals, medical centers and others who might use Caller ID to provide assistance. 911 is not affected. And, some subscribers of Caller ID Service may choose not to answer blocked calls.

The customer acknowledges the understanding of the above. Further, the customer releases the Company from all claims and liability, including personal injury caused by its errors, omissions and operation or malfunction of Per Line Blocking service.

- j. Caller Identification-Name: Allows for the automatic delivery of a calling party's name to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name is displayed on customer provided equipment.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, in its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes.
